*****REQUIRED DEPOSIT*****

Deductible amount on your insurance policy is required as Deposit. A deposit can be cash, but is usually done with your credit card as a hold on your available credit. The deposit amount is NOT CHARGED to your card, but is in fact a hold of available funds. You will not have access to those funds during your rental period. The hold is RELEASED once the equipment rented is returned in full and with no damage.

Old School Cameras does NOT recommend using debit card for deposit – funds are in fact removed from your account and banks often take multiple days to refund the amount.
